4. The City of Detroit, Michigan maintained two pension funds for its employees: the General Retirement System and the Police and Fire Retirement System (collectively the “Retirement Systems”). These pension funds were overseen by Boards of Trustees. The Trustees were obligated by law to act in good faith to best protect the interests of the retirees and beneficiaries.

5. **ROY DIXON** was an investment adviser and the owner and founding member of *Onyx Capital Advisers, L.L.C.* *Onyx Capital Advisers* was a company formed in 2006 and headquartered in Detroit, Michigan. **ROY DIXON** and *Onyx Capital Advisers* operated a private equity fund known as *Onyx Capital Advisory Fund I, LP*. company operating in the islands.

6. **RONALD ZAJAC** was an attorney who served as the General Counsel of the two Retirement Systems since 1982.

7. The General Retirement System of the City of Detroit provided pension and related benefits to retired City of Detroit employees and other beneficiaries, such as surviving spouses, covered by the System's plan. The General Retirement System maintained trust funds consisting of contributions and earnings from those contributions. Funds from the General Retirement System were used to pay benefits to retirees and beneficiaries, as well as to pay the expenses of the System. As of June 30, 2008, the General Retirement System had 8,823 active members and 11,388 retirees and beneficiaries.

8. The General Retirement System was governed by a ten-member Board of Trustees. Six of the Trustees were elected, and one Trustee was selected by the Mayor as a citizen representative. COUNT 1

**(Conspiracy to Commit Honest Services Mail
and Wire Fraud - 18 U.S.C. § 1349)**

**D-1 JEFFREY BEASLEY
D-2 ROY DIXON
D-4 PAUL STEWART
D-5 RONALD ZAJAC**

1. The allegations contained in paragraphs 1–14 of the Introduction of this Superseding Indictment are realleged and incorporated by reference in this Count 1. From approximately January 2006 to April 2009, in the Eastern District of Michigan, Southern Division, and elsewhere, the defendants, **JEFFREY BEASLEY, ROY DIXON, PAUL STEWART**, and **RONALD ZAJAC** did unlawfully and knowingly conspire and agree with each other and with other persons, known and unknown, to:

- (A) Commit honest services mail fraud, in violation of Title 18, United States Code, Sections 1341 and 1346; and
- (B) Commit honest services wire fraud, in violation of Title 18, United States Code, Sections 1343 and 1346.

THE SCHEME TO DEFRAUD

2. From approximately January 2006 to April 2009, in the Eastern District of Michigan, Southern Division, and elsewhere, the defendants, **JEFFREY BEASLEY, ROY DIXON, PAUL STEWART**, and **RONALD ZAJAC**, conspired with each other and with others to devise a scheme to defraud present and retired employees of the City of Detroit who contributed to the General Retirement System and the Police and Fire Retirement System of their right to the honest, faithful, and impartial services of Kwame Kilpatrick, **JEFFREY BEASLEY, PAUL STEWART, Trustee B, Trustee C, and City Official A**, including their right to their conscientious, loyal, faithful, disinterested, unbiased service, to be performed free of deceit, undue influence, conflict of interest,

self-enrichment, self-dealing, concealment, bribery, fraud, and corruption, and to (1) cause matters and things to be placed in any post office and authorized depository to be sent and delivered by the Postal Service, (2) cause matters to be delivered by commercial interstate carrier according to the direction thereon, and (3) cause writings, signals, and sounds to be transmitted by wire in interstate and foreign commerce, for the purpose of executing and attempting to execute the scheme and artifice, as set forth below.

OBJECTS OF THE SCHEME TO DEFRAUD

3. It was an object of the scheme to defraud the employees and retirees of the City of Detroit that Kwame Kilpatrick, **JEFFREY BEASLEY, PAUL STEWART, Trustee B,** and *Trustee C* used their positions as Trustees of the Retirement Systems to personally enrich themselves and other co-conspirators by demanding or accepting bribes and kickbacks in the form of cash, travel, meals, golf clubs, drinks, tickets to sporting events, gambling money, tickets to shows, Playboy party tickets, hotel stays, entertainment, Las Vegas concert tickets, trips, designer watches, massages, limousine service, private plane flights, and other things of value from persons who dealt with the Retirement Systems which acted on their proposals or requests. **JEFFREY BEASLEY, PAUL STEWART,** and their co-conspirators concealed and did not disclose these bribes and kickbacks.

4. It was part of the scheme that **ROY DIXON** paid bribes and kickbacks to Kwame Kilpatrick, **JEFFREY BEASLEY, PAUL STEWART, Trustee B, Trustee C, City Official A,** and other individuals in order to secure investment monies from the Retirement Systems for *Onyx Capital Advisers* and *PR Investment Group*. It was part of the scheme that Chauncey Mayfield paid bribes and kickbacks to Kwame Kilpatrick,

JEFFREY BEASLEY, PAUL STEWART, Trustee B, and other individuals in order to secure investment monies and management fees from the Retirement Systems for *MayfieldGentry Realty Advisors* and to maintain his position as an investment advisor for the Retirement Systems. It was part of the scheme that **RONALD ZAJAC** paid bribes and kickbacks to Kwame Kilpatrick, **JEFFREY BEASLEY, PAUL STEWART, Trustee B,** and other individuals in order to maintain his position as General Counsel to the Retirement Systems and to secure a substantial raise in compensation as General Counsel.

5. It was a further object of the scheme to defraud that **JEFFREY BEASLEY** pressured persons who dealt with the Retirement Systems to contribute money to the Kilpatrick Civic Fund in return for his support of their requests or proposals to the Retirement Systems. **ROY DIXON** contributed \$30,000 to the Kilpatrick Civic Fund in order to secure support for investments by the Retirement Systems proposed by *Onyx Capital Advisers* and *PR Investment Group*. In addition, **ROY DIXON** directed the owner of *Company N* to contribute \$15,000 to the Kilpatrick Civic Fund in order to secure support for investments by the Retirement Systems proposed by *Onyx Capital Advisers*. Chauncey Mayfield contributed \$50,000 to the Kilpatrick Civic Fund in order to secure support for investments by the Retirement Systems proposed by *MayfieldGentry Realty Advisors* and to secure the position of *MayfieldGentry Realty Advisors* as an investment advisor to the Retirement Systems. In order to gain favor with Kwame Kilpatrick and **JEFFREY BEASLEY, RONALD ZAJAC** raised over \$70,000 for the Kilpatrick Civic Fund, soliciting funds from, among others, individuals seeking

investments from the Retirement Systems.

METHODS OF ACCOMPLISHING THE SCHEME TO DEFRAUD

6. To achieve the objects of the scheme to defraud, the defendants, **JEFFREY BEASLEY, ROY DIXON, PAUL STEWART, RONALD ZAJAC**, and their co-conspirators participated in various transactions and activities, which included, but are not limited to, the following:

COMPANYA

7. In approximately 2007, the General Retirement System and the Police and Fire Retirement System were each presented with investment proposals by *Company A* which provided for the Retirement Systems to give a total of approximately \$44 million in financing for *Company B*, \$22 million from the General Retirement System and \$22 million from the Police and Fire Retirement System. Under the proposals, the two Retirement Systems would provide this money in order to purchase five *Company B* parts warehouses. The warehouses would then be leased back to *Company B*. The proposed owner of the warehouses, the *Company A Fund*, was represented by a principal of *Company A*. The principal of *Company A* was a person who was an owner of the company and the primary beneficiary of the profits that *Company A* would earn by obtaining the funding of approximately \$44 million from the two Retirement Systems.

8. In approximately August 2007, at a restaurant in Detroit, **JEFFREY BEASLEY** demanded \$250,000 from the principal of *Company A* in exchange for **BEASLEY's** support of *Company A*'s proposals before both Retirement Systems. The principal of

Company A agreed to pay **JEFFREY BEASLEY** the \$250,000. During the course of the conspiracy, the principal of *Company A* made payments to **JEFFREY BEASLEY** amounting to approximately \$70,000 in cash. The principal of *Company A* paid this money to **JEFFREY BEASLEY** in order to secure his support for *Company A*'s investment proposals to the two Retirement Systems. Ultimately, *Company A*'s principal discontinued payments on the entire amount demanded because **JEFFREY BEASLEY** left office as City Treasurer and Trustee in September 2008, following the resignation of Kwame Kilpatrick.

9. On September 19, 2007, the General Retirement System passed a resolution that the System would invest \$22 million with *Company A* on the condition that the General Retirement System receive a more favorable rate of return on its investment than previously proposed by *Company A*, and that the fees that would go to *Company A* would be significantly lower than what *Company A* had previously proposed. **JEFFREY BEASLEY** was not present for the meeting at which this resolution was passed.

10. The principal of *Company A* was upset by the action taken by the General Retirement System on September 19, 2007 because the resolution passed by the Board of Trustees would result in a far lower profit to *Company A*. On the evening of September 19, 2007, the principal expressed his concern to **JEFFREY BEASLEY**, and he asked **JEFFREY BEASLEY** to intervene with the Retirement Systems on his behalf to change the result. *Company A*'s principal believed that **JEFFREY BEASLEY** would intervene on his behalf because the principal had agreed to pay **BEASLEY** the \$250,000 that he

had demanded. **JEFFREY BEASLEY** assured *Company A*'s principal that he would resolve the problem.

11. On the evening of September 19, 2007, *Company A*'s principal spoke to Kwame Kilpatrick by telephone. The principal again expressed his concern regarding the unfavorable resolution passed by the General Retirement System. Kwame Kilpatrick assured the principal that he would take care of the problem.

12. On September 20, 2007, the Police and Fire Retirement System, with **JEFFREY BEASLEY** in attendance, addressed the request by *Company A* for the other \$22 million in investment money from that System. The Board of Trustees was presented with eight investment scenarios, each with a different rate of return for the System and each with a different fee structure for *Company A*. At the direction of **JEFFREY BEASLEY**, one of the Trustees moved that the Board approve the investment scenario desired by the principal of *Company A*. This scenario was the least beneficial for the Police and Fire Retirement System because it required the lowest rate of return for the System from *Company A*. In addition, this scenario was the most beneficial scenario for *Company A* because it provided for the highest management fees. **JEFFREY BEASLEY** voted in favor of this proposal, and the motion passed. Four Trustees, including **PAUL STEWART** and *Trustee B*, voted against the proposal.

13. At the September 26, 2007 meeting of the General Retirement System, with **JEFFREY BEASLEY** in attendance, the Trustees amended their September 19, 2007 resolution regarding the \$22 million investment in the *Company A* deal so that *Company*

A was given the same favorable terms as were given by the Police and Fire Retirement System. **JEFFREY BEASLEY** voted in favor of this deal, which was the most beneficial to *Company A* and the least favorable to the Retirement System.

14. In late November 2007, at a pension conference in New York, New York, **RONALD ZAJAC** told the principal of *Company A* to give money to **PAUL STEWART** and *Trustee B* in order to improve his relationship with them. Subsequently, the principal of *Company A* gave \$2,500 in cash to **PAUL STEWART** and \$2,500 in cash to *Trustee B*.

15. On December 13, 2007, *Trustee B* brought a motion before the Police and Fire Retirement System to give final approval to the investment, to direct the execution of the transaction documents, and to approve the wire transfer of \$16.9 million to *Company A*. The motion passed, with **JEFFREY BEASLEY**, **PAUL STEWART**, and *Trustee B* all voting in favor.

16. On multiple occasions during the course of the conspiracy, the principal of *Company A* paid for hotel rooms at the Atheneum Hotel for use by **JEFFREY BEASLEY** and his paramour.

17. In approximately March 2008, the principal of *Company A* paid for a vacation in Miami Beach, Florida for **JEFFREY BEASLEY** and his paramour, including the costs of the plane flight, hotel stay, meals, and other expenses.

18. In early 2008, the principal of *Company A* gave approximately \$2,500 in cash to **PAUL STEWART** and \$2,500 in cash to *Trustee B* in Florida.

19. On March 11, 2008, the principal of *Company A* paid for an excursion from Florida to Freeport, Bahamas aboard a ship for **PAUL STEWART**, his paramour, and *Trustee B*.

20. Subsequent to the approval of the \$44 million investments by the two Retirement Systems, *Company A* received millions of dollars in management and other fees from the Retirement Systems.

KILPATRICK CIVIC FUND

21. While Treasurer of the City of Detroit and Trustee of the General Retirement System and the Police and Fire Retirement System, **JEFFREY BEASLEY** actively solicited donations to the Kilpatrick Civic Fund from persons and businesses who dealt with the two Retirement Systems.

22. **JEFFREY BEASLEY** told persons and businesses who dealt with the two Retirement Systems that they would receive favorable treatment from the Retirement Systems if they donated to the Kilpatrick Civic Fund. Numerous persons and businesses solicited by **JEFFREY BEASLEY** donated to the Kilpatrick Civic Fund with the hope of receiving favorable treatment for their investment proposals by the Retirement Systems. Over the course of the conspiracy, **JEFFREY BEASLEY** and other members of the conspiracy voted in favor of investment proposals of persons and businesses because the person or business had donated or would donate to the Kilpatrick Civic Fund. During the course of the conspiracy, **JEFFREY BEASLEY** was paid an annual salary of approximately \$120,000 as City Treasurer. **JEFFREY BEASLEY**'s work in soliciting

and obtaining donations to the Kilpatrick Civic Fund enhanced **BEASLEY**'s position as Treasurer with Mayor Kwame Kilpatrick, at whose pleasure **BEASLEY** served, so that **BEASLEY** continued to serve as Trustee of both Retirement Systems, where he wielded power over people and businesses seeking investment money from the Systems by virtue of his position. In order to secure favor with **JEFFREY BEASLEY** and Kwame Kilpatrick, **RONALD ZAJAC** acted as a fund raiser for the Kilpatrick Civic Fund, soliciting donations for the Kilpatrick Civic Fund from individuals seeking investment money from the Retirement Systems and from attorneys seeking business from the Retirement Systems. During the course of the conspiracy, **RONALD ZAJAC** raised over \$70,000 for the Kilpatrick Civic Fund. Examples of some of the persons and businesses that gave money to the Kilpatrick Civic Fund and received favorable treatment from **JEFFREY BEASLEY** and the Retirements Systems include, but are not limited to, the following:

23. **Company C and Company D**

A. *Company C and Company D* were closely associated through a person who was a principal in both companies (hereinafter "Principal of *Companies C and D*"). These companies offered investment management services for a fee.

B. In July 2006, the Principal of *Companies C and D* was instructed to deliver a \$5,000 check to **JEFFREY BEASLEY** for the Kilpatrick Civic Fund.

C. On August 17, 2006, the Police and Fire Retirement System conditionally approved a \$20 million investment in a joint venture/private equity real estate

investment, which was presented to the board by *Company C*. **JEFFREY BEASLEY** voted in favor of this investment.

D. On September 7, 2006, the \$5,000 check from *Company C*, previously written by the Principal of *Companies C and D*, was deposited into the Kilpatrick Civic Fund account.

E. On September 7, 2006, at a meeting of the Police and Fire Retirement System, **JEFFREY BEASLEY** made a motion that *Company D* be hired by the Board as an investment manager. The motion passed.

F. These companies received substantial fees from the Police and Fire Retirement System.

24. **Company E**

A. *Company E* was an investment company that sought investment funds from the pension funds. **JEFFREY BEASLEY** solicited contributions to the Kilpatrick Civic Fund from *Company E* through a consultant for *Company E*. On September 5, 2007, the consultant for the *Company E* gave \$20,000 to the Kilpatrick Civic Fund.

B. On September 27, 2007, **JEFFREY BEASLEY** brought a motion before the Police and Fire Retirement System to conditionally invest \$10 million in *Company E*. The motion passed, and subsequently the Police and Fire Retirement System actually invested only \$5 million in *Company E*.

C. On October 16, 2007, *Company E* gave \$10,000 to the Kilpatrick Civic Fund.

D. On November 28, 2007, the General Retirement System voted to conditionally invest \$10 million in *Company E*. **JEFFREY BEASLEY** voted in favor of this investment. Subsequently, the General Retirement System actually invested only \$5 million in *Company E*.

E. *Company E* received substantial fees from the Retirement Systems during the course of the conspiracy.

F. The General Retirement System subsequently determined that its fund supporting retirees and beneficiaries had suffered a loss of \$4,999,000 on its investment in *Company E*.

G. In Chicago, Illinois, during the course of and in furtherance of the conspiracy, **JEFFREY BEASLEY** asked *Company E*'s consultant for cash. The consultant then gave **JEFFREY BEASLEY** \$3,000 in cash. On other occasions during the course of the conspiracy, **JEFFREY BEASLEY** asked the consultant for additional sums of money.

25. **Company F**

A. *Company F* was a private equity firm that sought investment funds from both Retirement Systems.

B. On October 19, 2005, the General Retirement System conditionally approved a \$10 million investment in the *Company F Fund*, which was managed by *Company F*. During the course of the conspiracy, *Company F* received substantial fees from the General Retirement System.

C. On April 6, 2006, the Police and Fire Retirement System conditionally approved a \$10 million investment proposed by *Company F*. During the course of the conspiracy, *Company F* received substantial fees from the Police and Fire Retirement System.

D. In approximately May 2006, **JEFFREY BEASLEY** informed a representative of *Company F* that *Company F* needed to contribute \$10,000 to the Kilpatrick Civic Fund and solicit another \$10,000 donation to the Kilpatrick Civic Fund from company employees in order to obtain final approval of *Company F*'s investment request from the Police and Fire Retirement System. The *Company F* representative agreed to donate the \$10,000 and attempt to obtain another \$10,000.

E. On May 18, 2006, **JEFFREY BEASLEY** brought a motion before the Police and Fire Retirement System to waive prior investment restrictions and invest \$10 million in *Company F*. **JEFFREY BEASLEY** and the Police and Fire Retirement System then voted in favor of making the \$10 million investment in *Company F*.

F. On June 23, 2006, *Company F* gave \$10,000 to the Kilpatrick Civic Fund.

G. On September 5, 2007, *Company F* gave \$10,000 to the Kilpatrick Civic Fund.

26. **MayfieldGentry Realty Advisors**

A. During the times relevant to this Superseding Indictment, *MayfieldGentry Realty Advisors L.L.C.* was an investment manager for the Police and Fire

Retirement System, managing over \$150 million in properties owned by the System.

Chauncey Mayfield was the Chief Executive Officer and principal owner of *MayfieldGentry Realty Advisors*. During this period of time, *MayfieldGentry Realty Advisors* received substantial fees from the Police and Fire Retirement System. As an investment manager, *MayfieldGentry Realty Advisors* served at the direction of the Board. In addition, *MayfieldGentry Realty Advisors* promoted an additional investment known as the *Genesis Value Fund*.

B. On June 8, 2006, the Police and Fire Retirement System conditionally approved a \$20 million investment in the *Genesis Value Fund*. **JEFFREY BEASLEY** voted in favor of this investment.

C. Chauncey Mayfield, on behalf of *MayfieldGentry Realty Advisors*, complied with requests by **JEFFREY BEASLEY** to give money to the Kilpatrick Civic Fund. On June 23, 2006, Chauncey Mayfield gave \$10,000 to the Kilpatrick Civic Fund. On September 5, 2007, Chauncey Mayfield gave \$30,000 to the Kilpatrick Civic Fund. On June 24, 2008, Chauncey Mayfield gave \$10,000 to the Kilpatrick Civic Fund.

D. Besides complying with **JEFFREY BEASLEY**'s requests to give money to the Kilpatrick Civic Fund, Chauncey Mayfield provided other items of value to **JEFFREY BEASLEY** and other conspirators. In April 2007, **JEFFREY BEASLEY** asked Chauncey Mayfield to include Kwame Kilpatrick, **JEFFREY BEASLEY**, and three other associates on a private jet flight that *MayfieldGentry*

Realty Advisors had chartered to Las Vegas over the weekend of April 13, 2007, for a golfing trip. The cost of the flight was approximately \$43,000. In addition, *MayfieldGentry Realty Advisors* paid for greens fees, lodging, meals, limousine service, concert tickets, and massages for Kwame Kilpatrick, **JEFFREY BEASLEY**, and the three other associates at a cost of approximately \$23,000, which was not reimbursed.

E. In July 2007, **JEFFREY BEASLEY** asked Chauncey Mayfield to charter a private plane for Kwame Kilpatrick to fly to Tallahassee, Florida. At a cost of more than \$24,000, *MayfieldGentry Realty Advisors* then chartered the private plane so that Kwame Kilpatrick could go on a trip to Tallahassee over the weekend of July 20, 2007. One of the passengers on the flight to Tallahassee was the son of **JEFFREY BEASLEY**. No one from *MayfieldGentry Realty Advisors* went on this trip nor was *MayfieldGentry Realty Advisors* reimbursed by Kwame Kilpatrick or **JEFFREY BEASLEY**.

F. On July 25, 2007, **JEFFREY BEASLEY** asked Chauncey Mayfield to give a job to **JEFFREY BEASLEY**'s paramour. Subsequently, Chauncey Mayfield hired **JEFFREY BEASLEY**'s paramour to work at *MayfieldGentry Realty Advisors*.

G. In September 2007, **JEFFREY BEASLEY** asked Chauncey Mayfield to charter a private plane so that Kwame Kilpatrick could fly to Bermuda, purportedly on business of the Kilpatrick Civic Fund. At a cost of more than \$34,000,

MayfieldGentry Realty Advisors then chartered a private plane over the weekend of October 4, 2007 so that Kwame Kilpatrick, his wife, Bernard Kilpatrick, and his companion could go on a trip to Bermuda. No one from *MayfieldGentry Realty Advisors* went on this trip nor was *MayfieldGentry Realty Advisors* reimbursed by Kwame Kilpatrick or **JEFFREY BEASLEY**.

H. In return for the things of value that Chauncey Mayfield gave to **JEFFREY BEASLEY**, Kwame Kilpatrick, and other conspirators, *MayfieldGentry Realty Advisors* maintained its position as an asset manager and investment advisor and thereby earned substantial fees. In addition, *MayfieldGentry Realty Advisors* received approval from the Retirement Systems for a proposal by the principal of *MayfieldGentry Realty Advisors* to move real estate assets, the limits of which are governed by Michigan state statutes, into another investment category by creating real estate trusts. In this way, *MayfieldGentry Realty Advisors* was able to significantly increase the real estate assets under its management and thereby benefit financially through increased fees.

27. Company H

A. During the period from approximately 1990 to October 2007, the Police and Fire Retirement System retained *Company H* as its consultant on real estate investments.

B. In August 2007, **JEFFREY BEASLEY** asked a representative of *Company H* to donate \$15,000 to the Kilpatrick Civic Fund. Over the telephone, **JEFFREY**

BEASLEY asked the representative of *Company H* to “Send me a love offering from [Company H].” *Company H* did not donate to the Kilpatrick Civic Fund.

C. On October 11, 2007, following its failure to donate to the Kilpatrick Civic Fund, the Police and Fire Retirement System voted to terminate *Company H* as a consultant on real estate investments after seventeen years of service. **JEFFREY BEASLEY** voted in favor of the termination. During the course of the conspiracy, *Trustee B* and **PAUL STEWART** complained that the representative of *Company H* had not been generous in paying for drinks and entertainment for them. During the October 11, 2007 meeting, *Trustee B* and **PAUL STEWART** also voted in favor of termination.

28. **Company I**

A. *Company I* was a media company that sought investment money from the Retirement Systems.

B. On August 22, 2007, the General Retirement System voted to conditionally invest \$7.5 million in *Company I*. **JEFFREY BEASLEY** voted in favor of this investment.

C. Between September 2007 and July 2008, *Company I* and a consultant for *Company I* gave \$45,000 to the Kilpatrick Civic Fund. These contributions were solicited by **JEFFREY BEASLEY** or *Company I*'s consultant.

D. On September 17, 2008, less than two months after *Company I* had donated \$10,000 to the Kilpatrick Civic Fund, **JEFFREY BEASLEY** voted to invest an

additional \$8 million in *Company I*. Including the vote of **JEFFREY BEASLEY**, the General Retirement System approved this additional investment.

E. The General Retirement System subsequently determined that its fund supporting retirees and beneficiaries had suffered a loss of \$13.3 million on its investment in *Company I*.

F. On at least two occasions during the course of the conspiracy, **JEFFREY BEASLEY** asked a principal of *Company I* for money.

Additional Losses Suffered By the Retirement Systems from Investments from Companies that Donated to the Kilpatrick Civic Fund

29. *Company J* was an investment company that received a \$5 million investment from the General Retirement System and a \$2 million investment from the Police and Fire Retirement System. In securing these investment monies, *Company J* had made significant donations to the Kilpatrick Civic Fund at the request of **JEFFREY BEASLEY**. The General Retirement System determined that its fund supporting retirees and beneficiaries suffered a loss of \$4.95 million on its investment in *Company J*. The Police and Fire Retirement System determined that its fund supporting retirees and beneficiaries suffered a loss of \$940,000 on its investment in *Company J*.

30. *Company K* was an off-shore investment company that received a \$20 million investment from the General Retirement System and a \$20 million investment from the Police and Fire Retirement System. In securing those investment monies, *Company K* had made significant donations to the Kilpatrick Civic Fund at the request of **JEFFREY BEASLEY**. The General Retirement System subsequently determined that its fund

supporting retirees and beneficiaries lost all of its \$20 million investment in *Company K*.

The Police and Fire Retirement System also subsequently determined that its fund supporting retirees and beneficiaries lost all of its \$20 million investment in *Company K*.

JEFFREY BEASLEY BIRTHDAY PARTY

31. On January 26, 2007, at the Atheneum Hotel in Detroit, **JEFFREY BEASLEY** was the guest of a birthday party thrown in his honor. The party was organized, in part, by **RONALD ZAJAC**, who solicited large cash donations for the party. Many of the guests were persons who received compensation, investment monies, or other items of value from the General Retirement System or the Police and Fire Retirement System in various capacities, including providing legal services for the Systems; people seeking investments from the Systems; and consultants for the people seeking investments. In order to attend the party, **RONALD ZAJAC** asked these people to donate large sums of cash for a birthday present for **JEFFREY BEASLEY**. During the party, **RONALD ZAJAC** personally gave thousands of dollars in cash to **JEFFREY BEASLEY** as a "birthday present."

PAUL STEWART BIRTHDAY PARTY

32. On August 16, 2007, at the Atheneum Hotel in Detroit, **PAUL STEWART** and *Trustee B* of the Police and Fire Retirement System were the guests at a birthday party thrown in their honor. The party was organized, in part, by **RONALD ZAJAC**, who solicited large cash donations for the party. Many of the guests were persons who received compensation, investment monies, or other items of value from the Police and

Fire Retirement System in various capacities, including providing legal services for the System; people seeking investments from the System; and consultants for the people seeking investments. In order to attend the party, **RONALD ZAJAC** asked these people to donate large sums of cash for birthday presents for **PAUL STEWART** and *Trustee B.* During the party, in a back room, **RONALD ZAJAC** personally gave \$5,000 in cash each to **PAUL STEWART** and *Trustee B.*

33. At the October 18, 2007 meeting of the Police and Fire Retirement System, **JEFFREY BEASLEY** made a motion to substantially increase the hourly rate of *Attorney B*, one of the people who had contributed cash to **JEFFREY BEASLEY**, **PAUL STEWART**, and *Trustee B* at the parties. At that same meeting, **PAUL STEWART**, seconded by **JEFFREY BEASLEY**, made a motion to substantially increase the annual salary of **RONALD ZAJAC**, who had organized the parties and had solicited large cash donations for the “birthday presents” for **JEFFREY BEASLEY**, **PAUL STEWART**, and *Trustee B*. **JEFFREY BEASLEY**, **PAUL STEWART**, and *Trustee B* voted in favor of both motions. Those motions passed, with a vigorous dissent.

34. At the November 7, 2007 meeting of the General Retirement System, **JEFFREY BEASLEY** made a motion to substantially increase the annual salary of **RONALD ZAJAC** for the General Retirement System who had organized the party and had solicited large cash donations for the “birthday present” for **JEFFREY BEASLEY**. The motion passed.

35. Following the October and November 2007 meetings of the two boards of the

Retirements Systems, **RONALD ZAJAC**'s total annual compensation from the two systems was over \$400,000.

36. **RONALD ZAJAC** sought to gain influence with trustees of the two Retirement Systems by requiring and forcing persons who dealt with, and who profited from their dealings with, the Retirement Systems to provide the trustees with drinks, entertainment, meals, tickets for shows and sporting events, limousine rides, and other things of value. In Detroit, following the weekly meetings of the trustees, and during pension conferences outside of Detroit attended by trustees of the Retirement Systems, **RONALD ZAJAC** directed and organized persons who dealt with, and who profited from their dealings with, the Retirement Systems to pay for meals, drinks, entertainment, and other things of value for the trustees. For example, **RONALD ZAJAC** directed Chauncey Mayfield to pay over \$10,000 for limousine rides for trustees of the Retirement Systems during a pension conference in New York, New York in 2006.

37. **RONALD ZAJAC** also sought to force one investment sponsor to pay for two trips to London in the United Kingdom for **RONALD ZAJAC** and trustees relating to an investment involving *Company P*. Ostensibly, the two trips to London were for the purpose of due diligence on a total investment by the Retirement Systems of \$30 million with *Company P*. In reality, the two trips for **RONALD ZAJAC** and certain trustees, including *Trustee B*, were merely disguised international vacations. When the investment sponsor for *Company P* sought an additional \$10 million investment from the Police and Fire Retirement System, **RONALD ZAJAC** conditioned the additional investment money

on a third trip to London for **RONALD ZAJAC** and certain trustees. When the investment sponsor refused to supply the third trip to London, no further investment money was approved by the Police and Fire Retirement System. As part of the conspiracy, a representative of *Company P* paid over \$300,000 to Bernard Kilpatrick in order to secure the approval of the Retirements Systems' \$30 million investment in *Company P*. Bernard Kilpatrick worked with **JEFFREY BEASLEY** and **RONALD ZAJAC** in order to get approval for *Company P*'s investment.

38. **PAUL STEWART** and *Trustee B* collected over ten thousand dollars from investment sponsors and others, including **ROY DIXON** and **RONALD ZAJAC**, for their election "campaigns" for leadership of the Detroit Police Officers Association. Subsequently, however, **PAUL STEWART** and *Trustee B* split their "campaign" money received from the investment sponsors, and then they used the money for personal purposes and not for campaign expenses. **PAUL STEWART** retained thousands of dollars from the investment sponsors for his own personal expenses.

COMPANY L

39. *Company L* was an investment firm specializing in the communications industry that sought investment money from the Retirement Systems.

40. On March 15, 2006, *Company L* entered into a consulting contract with Marc Andre Cunningham, who, according to the terms of the contract, was to receive \$25,000 quarterly for three years. In approximately July 2006, Cunningham became Mayor of Detroit Kwame Kilpatrick's executive assistant.

41. On March 26, 2006, Cunningham introduced **JEFFREY BEASLEY** to one of the principals of *Company L* who wanted to obtain investments from the Retirement Systems for a private equity fund that he was promoting.

45. On June 30, 2006, *Company L* gave \$25,000 to the Kilpatrick Civic Fund.

46. On October 16, 2007, *Company L* gave \$10,000 to the Kilpatrick Civic Fund.

47. On October 4, 2006, at the direction of Kwame Kilpatrick, Cunningham met with Bernard Kilpatrick at the Coleman A. Young Municipal Center and provided Bernard Kilpatrick with at least \$4,000 in cash. It was understood between Cunningham and Kwame Kilpatrick that this and future payments were to be made to Bernard Kilpatrick to reward Kwame Kilpatrick for his support of the investments by the General Retirement System and the Police and Fire Retirement System. Following the October 2006 payment, while continuing to receive his \$25,000 quarterly payments from

Company L, Cunningham continued to kick back a portion of this money to Bernard

Kilpatrick.

48. While receiving his \$25,000 quarterly payments from *Company L*, Cunningham also kicked back a portion of these payments to **JEFFREY BEASLEY** by giving him cash. In total, Cunningham gave approximately \$20,000 in cash to **JEFFREY BEASLEY**.

(18 U.S.C. § 1349 - Conspiracy to Commit Wire Fraud)

1. The allegations contained in all preceding paragraphs are hereby re-alleged and incorporated by reference in this Count as if fully set forth herein.
2. From in or about September 2006 and continuing through at least in or about April 2010, both dates being approximate, in the Eastern District of Michigan, Southern

Division, and elsewhere, the defendant, **ROY DIXON**, did unlawfully, knowingly, and willfully combine, conspire, confederate, and agree with the owner of *Company N* to engage in wire fraud, in violation of Title 18, United States Code, Section 1343.

MANNER AND MEANS OF THE CONSPIRACY

The manner and means by which **ROY DIXON** and the owner of *Company N* sought to accomplish the conspiracy and the scheme to defraud, included, among other things:

3. During the course of the conspiracy, **ROY DIXON** sought and secured \$25 million in investment money from the Detroit General Retirement System, the Detroit Police and Fire Retirement System, and the General Employees Retirement System of the City of Pontiac, Michigan. The money was to be invested in the *Onyx Capital Advisory Fund I, LP*, a limited partnership acting as a private equity fund, with *Onyx Capital Advisers* acting as general partner, and the three pension funds acting as limited partners.

4. **ROY DIXON** represented to the Boards of Trustees of the three pension funds that he and *Onyx Capital Advisers* would use the \$25 million invested in the *Onyx Capital Advisory Fund I* in the best interests of the pension funds so as to maximize the return on investment and to act in accordance with the written partnership agreement entered into between *Onyx Capital Advisers* and the three funds. During the course of the conspiracy, **ROY DIXON** presented written capital calls to the three pension funds requesting the wire transfer of money from the funds to the *Onyx Capital Advisory Fund I* purportedly for the purposes stated in the capital calls.

5. During the course of the conspiracy, **ROY DIXON** and his co-conspirator embezzled over \$3 million from the three pension funds through the *Onyx Capital Advisory Fund I* and its investments in *Company N* and related entities. Above and beyond the \$1.3 million in management fees owed and paid to *Onyx Capital Advisers* under the terms of the agreement with the three pension funds, **ROY DIXON** embezzled pension fund money for his own benefit by (1) double-billing the Pontiac General Employees Retirement System for \$200,000 in management fees that had already been paid, (2) withdrawing over \$1.8 million from the *Onyx Capital Advisory Fund I* for his own benefit, sometimes in the form of what were called "advanced management fees," and (3) directing approximately \$1 million in pension fund money to *Company N* and related entities, which was then used to benefit **ROY DIXON**, his family members, or the owner of *Company N*. During the course of the conspiracy, **ROY DIXON** withdrew pension fund money from the *Onyx Capital Advisory Fund I* whenever he wanted, for his own benefit, and not for the purposes stated in the capital calls to the three pension funds. For example, on at least fifteen occasions between 2007 and 2009, **ROY DIXON** withdrew pension fund money from the *Onyx Capital Advisory Fund I*'s bank accounts to cover overdrafts in his own personal accounts or in the bank accounts of *Onyx Capital Advisers*.

6. From October 2008 through December 2008, under the direction of **ROY DIXON**, the owner of *Company N* used approximately \$521,000 in pension fund money, that purportedly had been invested in *Company N* and related entities, to pay some of the

construction costs of **ROY DIXON**'s new personal residence near Atlanta, Georgia.

7. **ROY DIXON** also directed that pension fund money that had been invested in *Company N* and related entities be funneled, in the form of hundreds of thousands of dollars in cash deposits, back to *Onyx Capital Advisers* and **ROY DIXON**'s own personal bank account for his own personal benefit and in order to conceal shortfalls in the accounts of *Onyx Capital Advisers* and the *Onyx Capital Advisory Fund I* caused by the embezzlement of pension fund money.

8. As part of the conspiracy, on or about November 5, 2007, **ROY DIXON** represented to the Board of Trustees of the Pontiac General Employees Retirement System that *Person B*, who had years of experience in the private equity field, was an owner of *Onyx Capital Advisers* and that *Person B* was devoting 100% of his time to working for *Onyx Capital Advisers*. The Board of Trustees relied on this representation in deciding to begin releasing investment money to the *Onyx Capital Advisory Fund I*. In truth and in fact, however, as **ROY DIXON** well knew when he made the representation, *Person B* was not an owner of *Onyx Capital Advisers*, and *Person B* was not devoting 100% of his time to working for *Onyx Capital Advisers*, since *Person B* was employed full-time by another company during all times relevant to this Superseding Indictment.

9. It was part of the conspiracy that there would be transmitted by means of wire in interstate commerce certain writings, signs, signals, and sounds, including the interstate wire transfer of money, in order to accomplish the goals and objectives of the conspiracy.

10. The City of Detroit's General Retirement System and Police and Fire Retirement

System subsequently determined that their funds supporting retirees and beneficiaries lost all of their \$20 million investment with **ROY DIXON** and *Onyx Capital Advisers*. The Pontiac General Employees Retirement System subsequently determined that its fund supporting retirees and beneficiaries lost all of the \$3.8 million that the system actually invested with **ROY DIXON** and *Onyx Capital Advisers*.

All in violation of Title 18, United States Code, Section 1349.
